

FHC 85 12-24V

FHC 142 12-24V

FHC 85 - built-in freezer

All models can be solar powered
(Panels not included)**Applicable for:**

- Remote housing
- Remote stores
- Cabins and huts
- Mobile vending
- Unreliable power grid
- Disaster readiness

Combi fridge freezers

FHC

- Can be fitted with solar power
(Solar panels not included)
- Reversible door
- Internal light
- Low voltage protection

Model	FHC 85 12-24V	FHC 142 12-24V
Connection power (volt)	12/24 DC	12/24 DC
Volume - cooling/freezing (litres)	103 / 15	171 / 41
External dim. (WxDxH / mm)	550×580×850	550×580×1430
Temp. area (°C)	+3 - +10 / ÷18	+3 - +10 / ÷18
Nominal power (watt)	65	65
Absorption power (Kw/24h)*	0,86	1,27
Nominal absorption (A/24h)*	12V:72,0/24V:36,0	12V:106/24V:53
Weight (kg)	30	53

Varenummer**FHC 85 12-24V****FHC 142 12-24V**

* Supplied data have been taken at an ambient temperature of 32°C and an internal temperature of 5-7°C (fridge) / ÷18°C (freezer)
